## HOBBIES

Music, Exercising,  
Programming

## EDUCATION

### Computer Science Major, Bachelors of Science in Computer Science, Kristianstad University

Kristianstad

Aug 2017 — Jun 2020

The program is organized according to the principles of the Conceive Design Implement Operate (CDIO) initiative, a standard developed through collaborations of academics and industry leaders as a template for universities to adapt so that their students can be well prepared for what is expected of them as they graduate.

#### Courses taken include:

- Object Oriented Programming
- Database Techniques
- Digital Electronics
- Discrete Mathematics
- Development for Web
- Development for Cloud
- Software Engineering

## EMPLOYMENT HISTORY

### Thesis worker, Tretton37

Lund

Jan 2020 — May 2020

- Developed the case study for my thesis which was a web application created in React.js that would be used internally in the company by the managers.

### Internship, Onvega

Lund

Nov 2019 — Jan 2020

- Development of an Android App regarding EPPN (European Network for Pilot Production Facilities And Innovation Hubs) digital platform to offer the European pilot line facilities.

### Software Tester, Qlik

Lund

Mar 2019 — Present

- Working on exploratory testing with the Qlik Sense product
- This includes building visual applications and handle data with scripting
- Setting up server environments both as on-premise and kubernetes clusters

### Safety Consultant, Sector Alarm

Malmö

Jan 2017 — May 2017

- Responsible for going door-to-door to proactively sell home alarm systems to residential customers.
- This also included informing the customers on home safety such as burglary, fire safety and such.
